Overview

EOL15913 - Amended

Cisco announces the end-of-sale and end-of-life dates for the Cisco UCS C885A M8 Rack Servers with AMD MI300X and NVIDIA HGX H200 GPUs. The last day to order the affected product(s) is June 25, 2026. Customers with active service contracts will continue to receive support from the Cisco Technical Assistance Center (TAC) as shown in Table 1 of the EoL bulletin. Table 1 describes the end-of-life milestones, definitions, and dates for the affected product(s). Table 2 lists the product part numbers affected by this announcement. For customers with active and paid service and support contracts, support will be available under the terms and conditions of customers' service contract.

End-of-life milestones

Table 1. End-of-life milestones and dates for the Cisco UCS C885A M8 Rack Servers with AMD MI300X and NVIDIA HGX H200 GPUs

Milestone	Definition	Date
End-of-Life Announcement Date	The date the document that announces the end-of-sale and end-of-life of a product is distributed to the general public.	May 25, 2026
End-of-Sale Date: HW	The last date to order the product through Cisco point-of-sale mechanisms. The product is no longer for sale after this date.	June 25, 2026
Last Ship Date: HW	The last-possible ship date that can be requested of Cisco and/or its contract manufacturers. Actual ship date is dependent on lead time.	September 23, 2026
End of SW Maintenance Releases Date: HW	The last date that Cisco Engineering may release any final software maintenance releases or bug fixes. After this date, Cisco Engineering will no longer develop, repair, maintain, or test the product software.	June 25, 2027
End of Vulnerability/Security Support: HW	The last date that Cisco Engineering may release a planned maintenance release or scheduled software remedy for a security vulnerability issue.	June 24, 2029
End of Routine Failure Analysis Date: HW	The last-possible date a routine failure analysis may be performed to determine the cause of hardware product failure or defect.	June 25, 2027
End of New Service Attachment Date: HW	For equipment and software that is not covered by a service-and-support contract, this is the last date to order a new service-and-support contract or add the equipment and/or software to an existing service-and-support contract.	June 25, 2027
End of Service Contract Renewal Date: HW	The last date to extend or renew a service contract for the product.	September 20, 2028

© 2026 Cisco and/or its affiliates. All rights reserved.

Milestone	Definition	Date
Last Date of Support: HW	The last date to receive applicable service and support for the product as entitled by active service contracts or by warranty terms and conditions. After this date, all support services for the product are unavailable, and the product becomes obsolete.	June 30, 2029

HW = Hardware OS SW = Operating System Software App. SW = Application Software

Product Migration Options

As part of our product lifecycle management, the NVIDIA H200 and AMD MI300X GPU-based offerings are being transitioned out of the portfolio. Customers evaluating or currently planning deployments with these platforms are encouraged to consider the latest generation of accelerated computing solutions designed to deliver enhanced AI performance, scalability, and efficiency.

Customers currently evaluating NVIDIA H200 or AMD MI300X based deployments should consider the following next-generation GPU platforms based on workload requirements, architectural preferences, and commercial considerations:

- **UCS C880A M8 with NVIDIA HGX Blackwell Ultra B300 GPUs**, delivering significant advancements in AI training and inference performance, memory bandwidth, and scalability for large-scale accelerated computing environments.
- **UCS C885A M8 with AMD Instinct MI350X GPUs**, offering enhanced compute density, improved performance per watt, and strong capabilities for modern AI, HPC and data-intensive workloads.

These next-generation platforms provide customers with flexible upgrade options while enabling adoption of the latest innovations in GPU architecture and accelerated infrastructure design.

For detailed specifications and architectural considerations, please refer to the latest product datasheets:

- UCS C880A M8 with NVIDIA HGX Blackwell Ultra B300 GPUs
- UCS C885A M8 with AMD Instinct MI350X GPUs

Customers may be able to use the Cisco Takeback and Reuse Program where applicable to return hardware that has reached end-of-use, at no cost. Returned products are put to their next best use, whether reused, remanufactured, or recycled by one of Cisco's certified contracted recyclers. For more information, go to: https://www.cisco.com/c/en/us/about/takeback-and-reuse.html.

The Cisco Takeback and Recycle program helps businesses properly dispose of surplus products that have reached their end of useful life. The program is open to all business users of Cisco equipment and its associated brands and subsidiaries. For more information, go to: https://www.cisco.com/c/en/us/about/takeback-and-reuse/product-recycling.html.
