Onboard To Cisco Spaces

This procedure has to be done only once for your account. Do not repeat it for every Cisco Spaces app. Ignore if you have completed the procedure already.

Procedure

Step 1 Request an account on Cisco Spaces by sending an email to spaces@cisco.com requesting for a demo or live account creation on the Cisco Spaces dashboard. For more information, see Getting Started with Spaces Dashboard.

Step 2 Accept the invitation from Cisco Spaces and setup your password.

Step 3 Onboard your wireless network on Cisco Spaces. See Setup Guide.

Step 4 Setup your location heirarchy. See Best Practices.
